

# MEAN stack : Maximillian

---

## Features to Add

---

- **oauth** with `passport.js`
- add **chat rooms**
- **real time chat** using `socket.io`
- view **online users**
- view **history**
- **ban** if more than 1/2 chat room users votes against s.one
- improve **UI**

## Notes

---

- back & front separation
- clean code
- clear architecture
- upgrade angular latest version
- use docker in production
